2006-2007 Yearbook

Dedicated to

MR. Rockwell

Mr. George Rockwell but every one calls him "Rocky". He started teaching at Winslow high in the fall of 1962. He graduated from Arizona State College which is now NAU with a Masters degree in industrial arts. In July of 1962 he married his wife Kathy and had two kids Mary and James.

Mr. Rockwell is a die hard NASCAR fan and a racing fan in general. Two wheels or four on the hard top or dirt any kind of racing will do. He is also a great bulldog fan always going to the games and if he can't make the game the radio is on, always hoping for the best!

Mr. Rockwell has seen many changes in his 45 years of teaching, and has seen three generations come and go. When asked why he has stayed so long he says "I love what I do, I still like the kids, so why not?"

The background is a complex collage. A central, semi-transparent image of a clock tower stands against a sky with clouds. Silhouettes of people holding umbrellas are at the bottom, and birds are scattered in the sky. A dense, dark vine pattern with leaves and berries is overlaid on the entire scene.

When the softball team was playing Seaton Catholic at state in 2005. I never started in a game before and coach gave me the bunt sign. I got the bunt down and made it to 1st and a runner scored. I made it to second and another runner came in. Seaton threw the ball all around and I got a homerun on a bunt. Even though we lost it still was a game to remember. (Alicia Flores)

During practice for State competition and Nicole Smith twisted out of a 1/2 extension and took her elbow to my eye socket. It cut and fractured my eye socket, and was black, blue, and purple for about 9 weeks. (Roicia Banks)

Getting to be involved in all the games with pom and the last night of state basketball for the girls when I finally made it through a year. (Rena Bailon)

When the WHS Varsity football team finally beat the Snowflake Lobos in a regular season game and the first round playoff game. (RC Brown)

My block 15 yards down field against Payson and Mark ran me over. (George Morgan)

Getting a concussion at Hopi. (Keifer Gilbert)

Bernice Gover hitting it over the fence against Chino Valley in the Tournament. (Kyli Parsons)

When Joe made it in 2 on a par 3. (Andrew Sanchez)

Went Varsity of first match as a freshmen. (Sam Miller)

Wrestling at home when I broke the state record for most pins. Setting it at 154. (Enrique Vigil)

When I won my heat at the Aidos Golden West Invitational in Sacramento running my life time best time in the 800 meters, ranking me number 4 in Arizona. (Kyle Whitehair)

the golf team returns!

This year over twenty people tried out for golf. Not as much as last year but that's a good thing now it's not so crowded. Last year we did good and we are hoping to do good this year. So all you out there that are interested in playing get off your butts and join golf!

Mr. Pate and Jack have always been golf coaches because they love golfing. they coach 9th to 12th grade golfers. Mr. Pate and Jack are hoping for winslow to go to state this year.

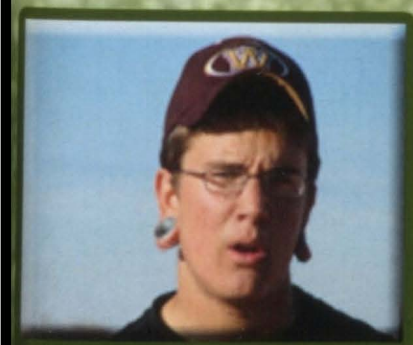

Coach Pate teaching the rules and handing back the qualifying top ten.

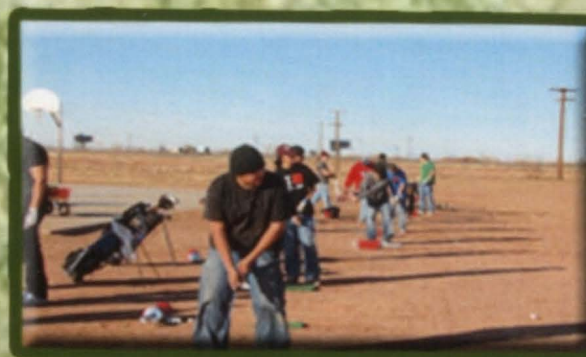

This is what happens if you play too hard in a match.

Jack going over the score cards to see if we messed up on them in holbrook.

what are we supposed to be doing again?

behind the Jr. high everyone's getting ready for a line drive down the middle.

Skills USA

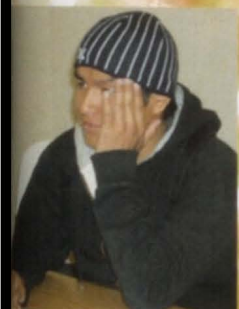

Bobby K sits back and listens to what the group is going to do next.

Rick Alvarez is just kicking back.

Skills USA activities develop positive attitudes, build self esteem and empower students to excel. They give students a head start in developing many valuable professional skills such as communication, interpersonal abilities, time management, teamwork and more. Leadership training is a key part of SkillsUSA experience. Students design and run these programs (covering everything from mentoring younger students to cleaning up a public park) to meet their own community needs.

Because SkillsUSA works hand-in-hand with business and industry, students get the skills employers want. SkillsUSA will help with jobs of the future that demand a higher level of both academic and technical skills.

Zach Linard being a little shy from the camera was giving his idea about what he thought.

The two class clowns. What would SkillsUSA be with out Alex C. and Bobby K.?

Listening to what Mr.Hunt has to say, Katlin Mangus is very intuned with the information he is giving.

Graduation 2007
To Codie:

You were the **FIRST** in our family...the firstborn for your Mom and the first grandchild for me. You became the Princess and I became the Granny. That title has given a whole new meaning to my life.

Your "little girl" years are filled with special memories. You took your first shaky steps in my living room. Remember when I would wrap you in a warm towel and hug you dry after a bath and how "relax your little body" sent you off to dreamland? You were so cute and sweet.

Your teen years filled our homes and hearts with your friends who became like family to us.

We will always remember the Brat Pack and how we piled kids into the old white car for a big adventure. We shared a lot of good times and a few tears. Those were precious years.

Now it's time for graduation. You will have a bright future because you are smart, you have set goals and you have good judgement. Just in case you need us, the support group will always be here.

Thank you for filling my life with chatty phone calls, laughter and fun. You are **EVERYTHING** to me.

We love you Princess.

We hope you dance,

Granny & Mom

Editor

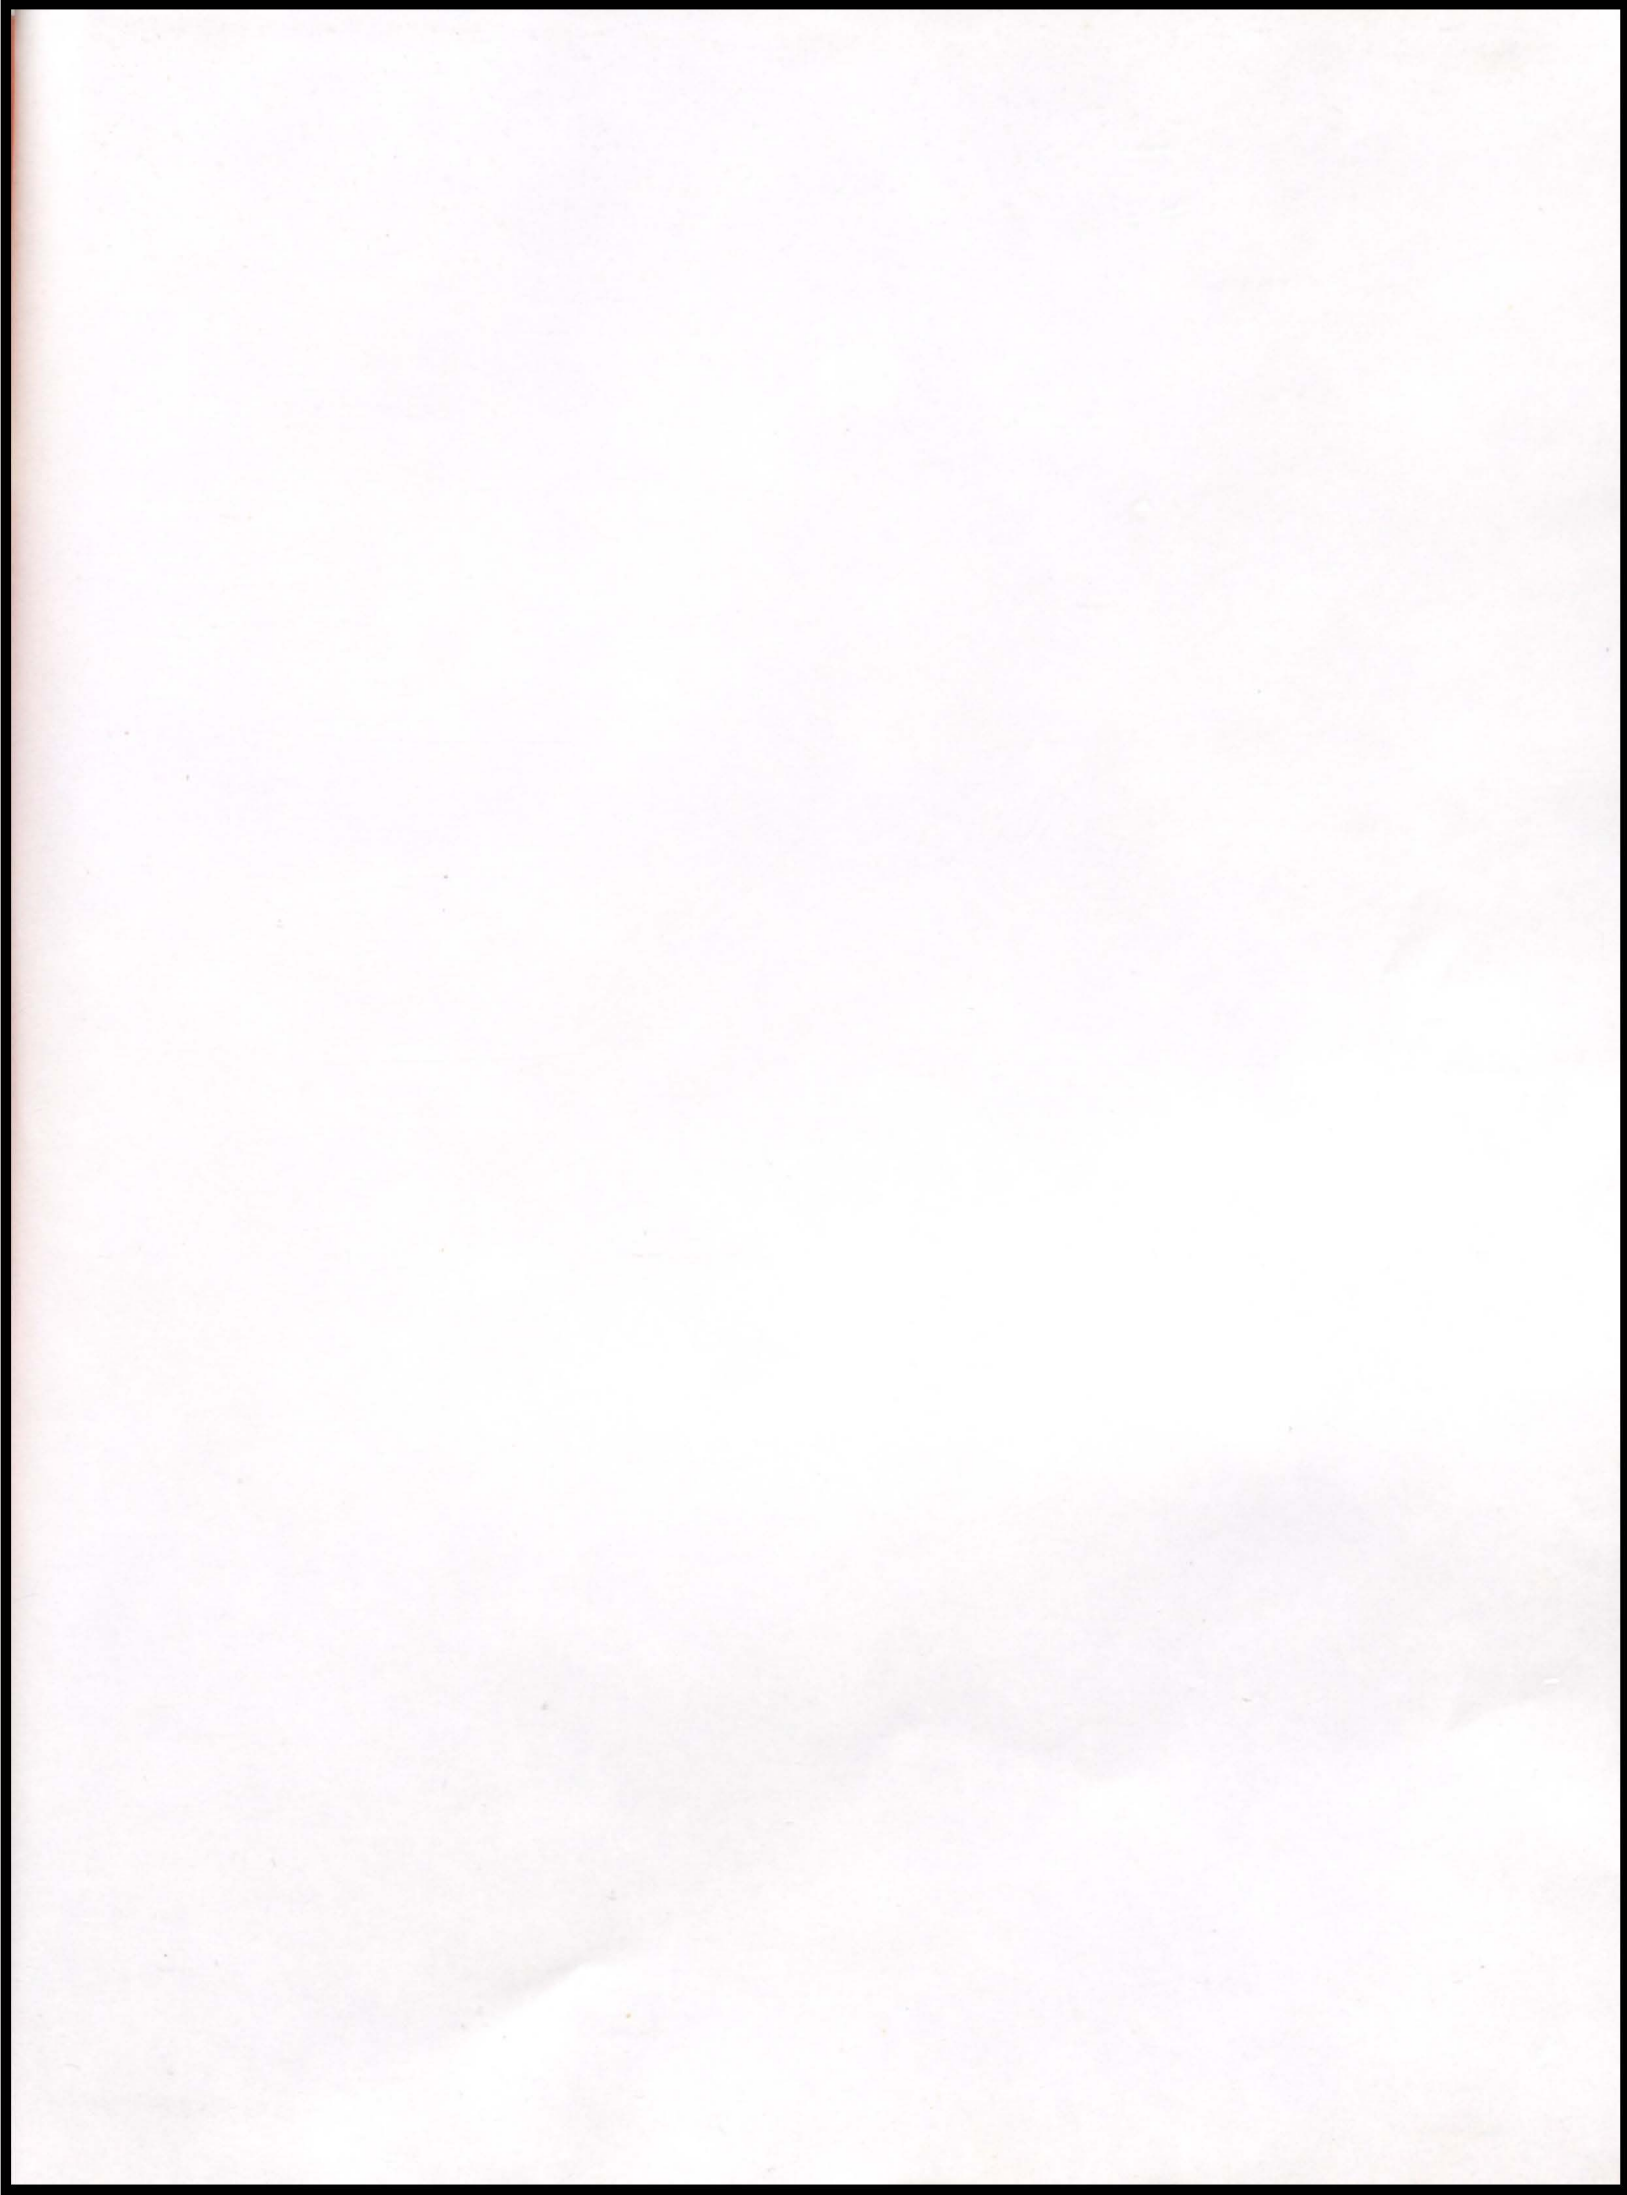

Hi!

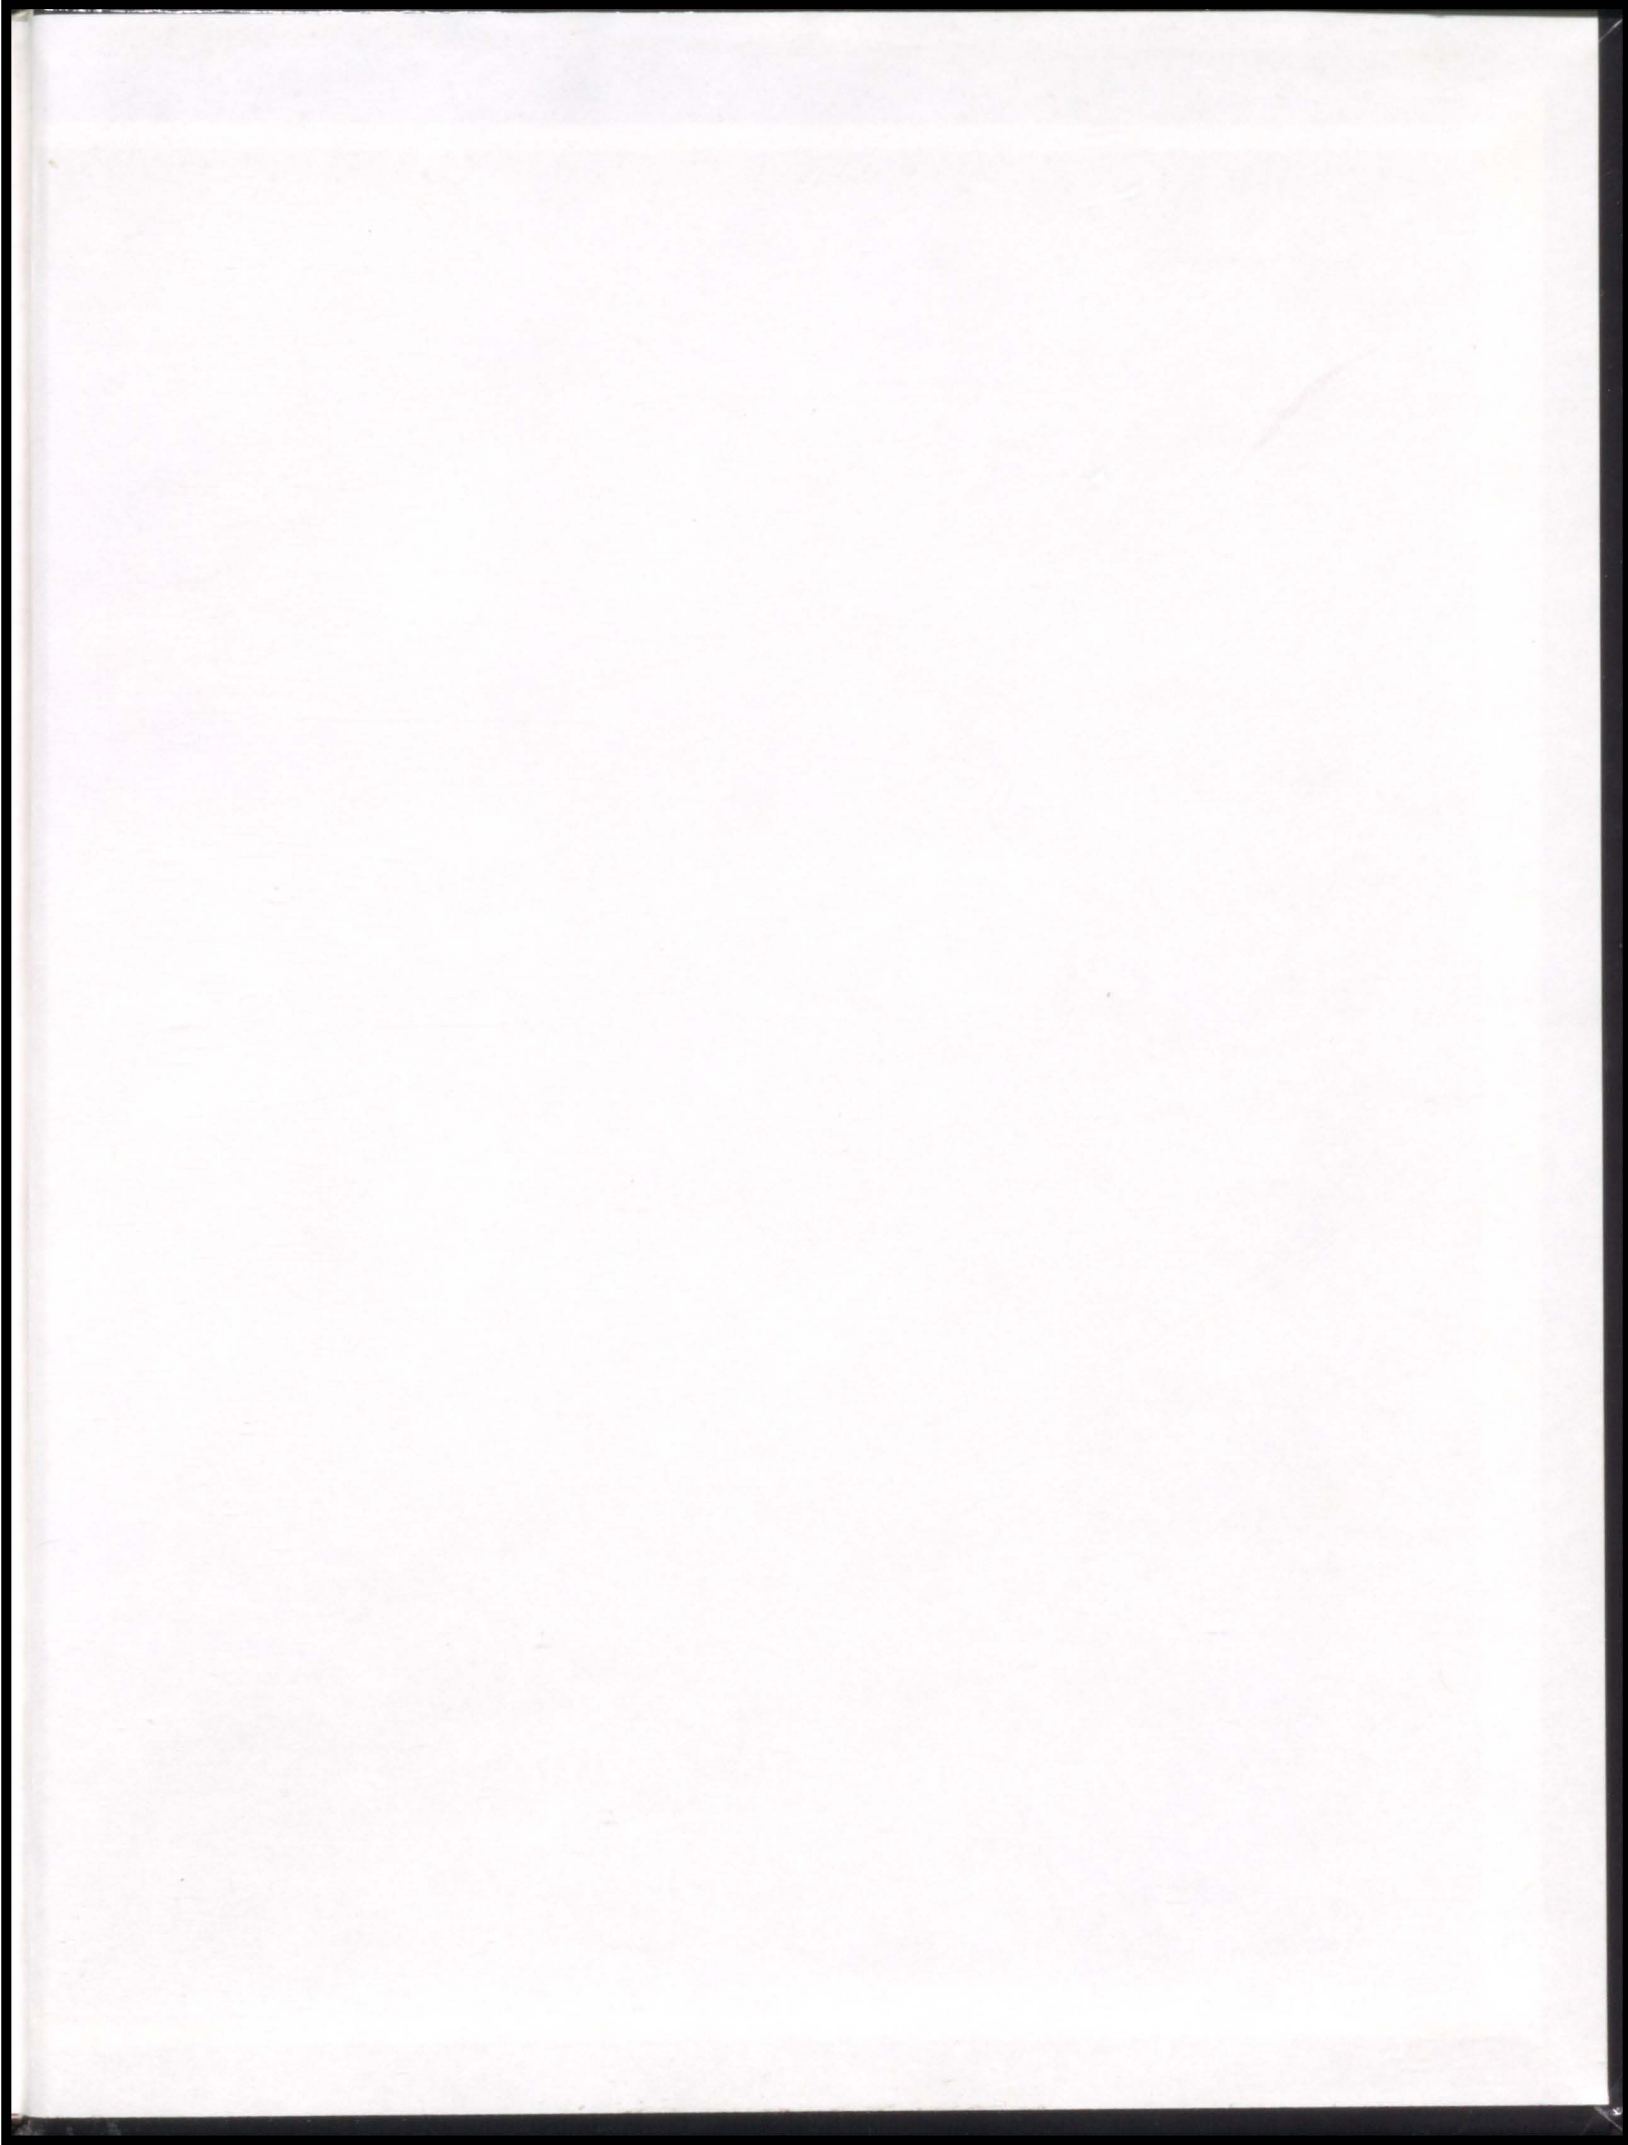

Thank you to all who've worked on this yearbook, even if I made it tough on you. To the Seniors of 2007, we did it! ☺ Good luck & best wishes to all. Underclassmen, keep the Bulldog tradition strong & strive only for the best.

High school will vanish from my existence, but the memories are here to stay! Love you all, my friends!

♥, Ashley Nelson ☺
